Interview Summary

During a telephone interview with the Examiner on May 14, 2007, clarification was made on the record regarding the status identifiers for claims 25-34. In the Amendment of May 7, 2007, the claims were inadvertently identified as "Original," rather than "Previously presented."

The status identifiers for each of claims 25-34 have been corrected to reflect the status of the claim. No new matter has been added.

Respectfully submitted,
